It is an essential part of your experience.

The working environment in the outback is unlike any that you will have ever experienced before. Living, working and being part of the lifestyle is an adventure in itself. The Training / Familiarisation Courses

The Outdoors / Agricultural Course

The aim of the course is to give you a basic introduction and training for the jobs you will be doing. We will establish your skills, strengths and work requirements so that we can match them to employers and vacancies that suit you best. It is very important for us to be able to assess your skills and attitude so that we can recommend you to our employers in good faith. The Agricultural courses are run at one of our training farms – all working farms. Training groups are small usually 5 - 6 students per trainer. The courses cover the following areas. Rural hospitality and child care workers also complete the course so that they know a bit about what their employers or customers do for a living.
